

## Instructions for Printing: Insect Tracking Labels for the Xlure-RTU Multi-Species Beetle Floor Trap

The Insect Tracking label template is designed to fit a 2-1/2" circle – 12 labels/sheet.

We used Online Label's stock number: OL350WX Standard White **Matte**. Matte label stock is much easier to write on. These labels may be ordered from the following website: [www.onlinelabels.com](http://www.onlinelabels.com).

The template may be found on our website:

<http://www.jfoakes.com/product/xlure-mst-beetle-floor-trap/> by clicking on the Product Info & Brochures tab.

Click to open, then print labels.

Follow manufacturing suggestions for printing labels for your printer model.

Be sure to select Actual size (see below) when printing labels.
